Subject: RE: clarification

Sally,

Items 3 (d) (i-v) stipulate that the department hires the candidate There is no mention of consultation in 3(d)(i) and there is no 8(a)i. Do you mean 7(a)(i) that mentions consultation in terms of the qualifications of candidates. This by virtue of section 3 we must commit to hiring before we know that they commit to funding the person. We “consult” with them to make the case that they should fund the person that we want to hire. That is how it worked in the case of Carl Kitchens: we hied him and the lobbied then to pay him for the three years that they did not have to fund Serra who left for SMU.

Does this help?
David

Subject: clarification

HI David,
Would you please forward a short note clarifying what "consultation" means in the 2013 MOU in item 3(d)(i), and also in item 8(a)(i)?
FYI: Consultation in the state definitions means communication to allow officials and agencies to deliberate and to seek and provide information in an open and forthright manner, or close to that.
Thanks,
Sally
